INBOX booths

atWork
Office Furniture

Quiet booths for private conversations and focused work.

TUESDAY

Booth Structure

- Aluminum frame and extrusions
- Carbon composite panels
- laminated acoustic glass
- Aluminum frame and solid panel glass door
- Internal sound absorbing polyester acoustic fibre (recycled material, fire resistant)
- Labyrinth air duct design minimizes sound leakage

Booth Components

- Non-directional main 4000k (150Lx) daylight LED light
- Dimmable directional strip task light LED 4000k (150Lx)
- High-powered fan (950r/min)
- Auto on/off motion sensor controls fan and lighting
- (1) 120V, (1) USB and (1) USBC outlets
- Wooden door handle with magnetic door system
- When powered on booth only uses around 100W
- Booth supports up to 1200W

Additional Information

- 1 person capacity
- Reduces sound by 25 decibels
- Internal air is exchanged every 2 mins
- Free of formaldehyde and other harmful chemicals
- Low waste and eco-friendly materials and packaging
- Available in black and white

Included Furniture

Table + sofa

Sturdy, Versatile, and Custom Fit

- Durable & easy to clean table top
- Powder-coated steel brackets
- Comfortable ergonomic sofa
